During the electrical display of Saturday 13 boys in the barn lot of Frank Albin, near Calloway, were killed by a bolt and Mr. Albin knocked down and severely shocked to the ground by the same bolt. Mr. Albin was not seriously hurt, although he is still suffering from the shock.—Jefferson County Star.

R. S. Shirley reports the prospects for the treasury this year as splendid. He says the farmers who are devoting their attention to the milk business are making good money. The returns from the sale of the milk from fifteen cows will average \$50 a month. If you add to this value of the skimmed milk returned and of the calves raised, you have a sum which makes dairying worthy of attention by any farmer.—Northwest Jeffersonian.

The first spike on the river route was driven at Gray's creek yesterday, when Division Engineer Harding commenced the laying of 1,800 feet of track for use of construction and supply train. Work from this end of the line will be pushed from now on, and it will only be a few weeks when the whistle of the engine will be heard along the new road.—Jefferson City Republican.

A peculiar accident happened to the little six-year-old son of Chris Peters, near Alma, last Wednesday. While in a wagon, leading a horse by a rope, the animal jerked the rope in such a manner as to tighten a knot around his hand, terribly lacerating it and crushing the bones. Amputation at the wrist was performed by Dr. G. A. Richard, of this city, Thursday morning.—Blackburn Record.

The rock crusher just above Blackwater is now in operation, the first work having been done Wednesday. Fifty men are employed. They have a completely equipped commissary and are comfortably housed in tents. This number will be doubled shortly. The boiler has a capacity of 75-horse power, and a car load of rock is turned out as fast as a man could fill a wheelbarrow. Blasting begins at the crusher and will be extended each way.—Boonville Advertiser.

The revival at the Methodist church continues with much increased interest, Rev. W. N. Conoley preaching twice a day, the house being filled every evening. Rev. Conoley, with somewhat egotistical politeness, goes so far as to personally ask ladies to remove their hats in church. This is summary courtesy to ladies who attend, not having heard of the new rule announced last week. Dr. Anderson announces that the meeting will continue every day at 7:30 and 7:50 until further notice.—Richmond Missourian.

E. K. & T. NICHOLS LINE NORTHERN TERRITORY

Ever since the construction of the M. & T. Ry. through the Indian Territory, the local passenger rate between stations in the Indian Territory has been on the basis of five cents a mile. The customary rate of passenger fares on railroads, except in sparsely settled country, is three cents a mile. The population of the Indian Territory during the past few years has grown rapidly; there has been a large increase in passenger traffic on this account, and the E. K. & T. officials recognizing the wants of the people and the justice of so doing, have voluntarily arranged to reduce the local passenger rate to a basis of three cents a mile. This reduction will take place on or about November first. There will be great rejoicing among the residents along the line of the M. E. & T.

Through to Harrison.

On April 15th, the St. Louis and North Arkansas Railroad was formally opened to Harrison, Arkansas, establishing in connection with the Frisco line from Seligman direct railway communication with some of the richest land and river fields yet discovered. The territory traversed by the new line presents perhaps the most remarkable panorama of rugged mountain ranges and fertile valleys to be found on the American continent. A trip to Harrison is well worth the time so spent, either from a commercial or a sight-seeing standpoint.

NEWS OF THE RAILWAYS.

The Rock Island's proposition for cheap rate excursions to and from Colorado during this summer has been accepted by the Western Passenger Association. In consequence notice was served yesterday on Chairman McLeod by General Passenger Agent Sebastian that the Rock Island will take independent action and put in effect a rate of one fare plus \$2.00 for the round trip from Chicago and all intermediate points east of the Missouri river to Denver, Colorado Springs, Pueblo, Salt Lake City and Ogden. Tickets at this rate will be sold on June 20, July 1 and 7 and August 1. From Missouri river points the same rate will be made on the days following these dates. Tickets at this rate also will be sold from Missouri river points, Kansas City to Omaha, inclusive, on July 7, and 9. Four special excursions will also be run by the Rock Island from Colorado points to Chicago and intermediate stations on June 21, July 15 and 20 and August 4. These excursion tickets, both east and west bound, will be limited for return passage to October 31. The Rock Island announces its intention of placing in service special trains for these excursions, leaving Chicago at 4 p. m. and making the run to Colorado with only one night on the road—Chicago Tribune.
